

Children's Learning Disability and Behaviour Support Service

**Service provided by the North Cumbria Childrens Community Learning
Disability Team during the COVID-19 Outbreak**

Who do we support?

Children aged 2-18 years with learning disabilities

- With Global Developmental Delay or Learning Disabilities with or without autism
- Who require specialist support beyond universal and targeted services

Children aged 2-11 years with autism

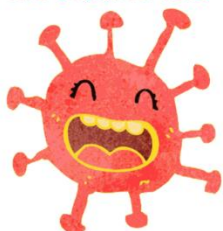

- Who have a diagnosis of autism, without learning disabilities
- We have a limited offer of services for those in the process of assessment for autism.

How do we currently support?

Due to the COVID-19 outbreak we have made some changes to how we support young people and their families:

- Referrals can continue to be made to us for support
- We will update you with the latest information and guidance from the government and the NHS and how we are now working
- We will do our initial clinic appointments with you over the telephone instead of face to face
- We will continue to book dates for future workshops, we will be in touch with you before the start date to tell you if it is going ahead
- We can deliver our workshop content to you over the phone if you are booked on a workshop that can't go ahead. We will send out resources, and usually book 2 sessions with you over the phone. You can still attend a future workshop face to face.
- We can send resources to you, or signpost you to resources on the internet to support you whilst we can't see you face to face
- We can listen to you and will support you the best we can in this situation
- We can offer general advice over the telephone whilst we can't see you face to face
- We may be able to complete some of our PBS behaviour work with you- we will discuss this on an individual basis

**I am a VIRUS,
cousins with the Flu and
the Common Cold**

My name is Coronavirus

Contact us

Carlisle: 01228 603195

Email: CumbriaChildrensLD@cntw.nhs.uk

And you can help...

1
By washing your hands
with soap and water
while singing a song

You can sing your favorite song,
the happy birthday song, or the
alphabet song

2
By using hand sanitizer
and letting it dry on
your hands

Without moving them count to 10
1, 2, 3, 4, 5, 6, 7, 8, 9, 10
Once your hands are dry you can get
back to playing!!

Caring | Discovering | Growing | **Together**
